Illinois Activity Professionals Association 2019 Annual Conference October 2-4, 2019

You are invited to participate in the 40th annual conference of the Illinois Activity Professionals Association, being held at the Parke Regency Hotel & Conference Center, Bloomington, Illinois. The fall conference is the most important event for our members as it provides them with continuing education, networking opportunities, professional growth and a chance to see new information and products offered by our exhibitors.

This year we are expecting approximately **200** attendees from across the state of Illinois. Most of the attendees are Activity Professionals that work with residents in geriatric settings including long-term care, assisted living, retirement communities, adult day care settings and hospitals. Additional attendees include social workers, program managers, administrators, volunteers, and consultants. This is the year for administrators to renew their certification so we are offering a highly discounted rate for administrators to attend the conference with their staff.

Enclosed is information regarding opportunities for exhibiting and advertising for consultants, arts and crafts suppliers, clothing retailers, vendors of activity products, music supplies, computer software vendors, fundraising companies and more.

Our objectives for this conference are to provide education and sample techniques needed by Activity Professionals in order to enhance their expertise, skills, ideas and creativity, and to support the exchange of ideas and sharing of knowledge and experience with other Activity Professionals.

You will have the opportunity to spend time talking with decision-makers, with buying power. Here are some other advantages you will have as a supporter at our conference.

- Collect qualified leads
- Meet new prospects
- Open new markets and spot trends
- Check out the competition
- Learn about the latest advancements
- See the newest products
- Build new contacts

Exhibit/Vendor Information

The 2019 IAPA Conference will give you exposure to approximately **200** activity and healthcare professionals who currently purchase, or have the potential to purchase, your service or products. We have booked a spacious room for the exhibits. Get your request in early to get a good spot.
